

Paxton10 Mini Bullet Camera

- CORE series

Paxton10

Overview

The Paxton10 camera range is designed specifically to work with the Paxton10 system. As such they offer the most simple, secure and flexible installation possible. No NVR or other hardware is required as video is processed on the camera and can be stored either on the pre-installed 64GB SD card or sent directly to any network location.

The Paxton10 core camera range features stunning low light performance, inbuilt IR, QHD resolution and intelligent motion. All cameras come with Paxton's 5 Year no quibble warranty.
